

Rule No.: 941 - 7601 - 00100

Agency: Mississippi Department of Transportation

Agency Effective Date: May 15, 2005

Agency Issued Date: March 8, 2005

Secretary of State Authority Date: May 15, 2005 Supercedes Rule:

Division: Traffic Engineering Division

Rule Title: ERECTION AND MAINTENANCE OF SIGNS AND SIGNALS

---

**The person to be contacted regarding the proposed rule is:** Facility and Records Management Director

**Name of person originating the proposed rule:** Robert W. Dean, Jr.

**Name of supervisor or person who approved the proposed rule:**

**Purpose:**

To Establish General Sign and Signal Erection and Maintenance Policy

**Summary:**

Rule on establishing general sign and signal erection and maintenance policy.

**The full text of the proposed rule is:**

**All cites herein refer to the most current version of the cited document.**

Signs and signals will be warranted, erected, and maintained in accordance with the guidelines established in the current edition of the Manual on Uniform Traffic Control Devices adopted by the Transportation Commission, as per Mississippi Code 63-3-301 and 63-3-303 as amended which is available at [www.state.ms.us](http://www.state.ms.us).

The date of installation or total face replacement will be shown on the back of the sign.

Any variation from the requirements of the guidelines established in the Manual on Uniform Traffic Control Devices shall be accompanied by a justification study signed by the Area Traffic Engineer and approved by the State Traffic Engineer, both of whom shall be licensed professional engineers.

Sites for the Mississippi Code are available at [www.state.ms.us](http://www.state.ms.us) and MUTCD information is available at [mutcd.fhwa.dot.gov](http://mutcd.fhwa.dot.gov). Any other publications may be viewed during regular business hours at the MDOT Administration Building.
