**To: ALL POTENTIAL BIDDERS**

**Date: 01/23/2008**

**RE: APD-0070-06(008)N / 100078304 -- Lee County**

**CHANGES TO BORROW MATERIAL REQUIREMENTS.** Bidders are hereby advised that on Sheet No. EQ-3 of the plans, the recapitulation of the borrow material indicates that there will be 2,037,257 cubic yards of Class B9-6 borrow material (Pay Item No. 203-EX035) required on this project. This is in error. It has been determined that only approximately 65,000 cubic yards of the borrow material on this project needs to be classified as Class B9-6. The remaining borrow material (approximately 1,972,000 cubic yards) will be classified as Class B10 borrow material.

The above borrow material changes will be made by addendum to this project in the near future. This information should be considered when finding borrow material sources for this project. Please sign this sheet and return by FAX to MDOT Contract Administration Engineer at 601-359-7732.
