Bidders are advised that the plans and contract documents require joints in asphalt pavement over concrete pavement to be sawed and sealed at no additional cost to the State. This will not be required. Bidders are advised to disregard General Note No. 10 of Notice to Bidders No. 2471, and any other reference in the plans or contract documents, which requires sawing and sealing joints in overlays over concrete pavement.

Your formal acknowledgment of receipt of this notification will be entered into our records and indicates your understanding to disregard the above mentioned sawing and sealing of joints on this project, and that you have bid accordingly. Please sign this sheet and return by FAX to MDOT Contract Administration Engineer at 601-359-7732.
