

**SECTION 905 -- PROPOSAL (CONTINUED)**

I (We) further propose to execute the attached contract agreement (Section 902) as soon as the work is awarded to me (us), and to begin and complete the work within the time limit(s) provided for in the Specifications and Advertisement. I (We) also propose to execute the attached contract bond (Section 903) in an amount not less than one hundred (100) percent of the total of my (our) part, but also to guarantee the excellence of both workmanship and materials until the work is finally accepted.

I (We) enclose a certified check, cashier's check or bid bond for **five percent (5%) of total bid** and hereby agree that in case of my (our) failure to execute the contract and furnish bond within Ten (10) days after notice of award, the amount of this check (bid bond) will be forfeited to the State of Mississippi as liquidated damages arising out of my (our) failure to execute the contract as proposed. It is understood that in case I am (we are) not awarded the work, the check will be returned as provided in the Specifications.

Bidder acknowledges receipt of and has added to and made a part of the proposal and contract documents the following addendum (addenda):

Re: Construction Permit SER-NATR-5570-2008-015

Dear Mr. Anderson:

Enclosed is a Construction Permit for your signature authorizing the Mississippi Department of Transportation during the period of December 25, 2008, through December 25, 2009, to use the described lands or facilities in the attached permit for the purpose(s) of installing temporary silt retention basins to capture excess silt migrating off the highway "flyover" construction site along Highway 61. This is where the road passes through Parkway property and will keep silt from inundating creeks and other low-lying areas within the Parkway.

~~No silt retention basin construction will be permitted at station 145+00. Within the 2.5-acre temporary construction easement, no more than .95 acre will be directly impacted by construction of the three permitted temporary silt retention basins. Of the .46 acre of potential wetland impacts associated with basin construction, no more than .1 acre will be permanently impacted.~~

Prior to any timber removal, arrangements will be made for a park staff member to be present on-site during vegetative clearing operations to ensure that desirable tree specimens are not negatively impacted.

All areas cleared for basin construction will be revegetated with Park-approved, native species during the first winter planting season following the conclusion of the project.

If any cultural resources are located during the course of this project, all work must stop and the Natchez Trace Parkway Resource Management staff notified immediately.

Please sign and date the Construction Permit in the spaces indicated in "red" and return the document to this office for final approval.

Do not hesitate to contact Landscape Architect Greg Smith at (662) 680-4024 with any questions concerning this Construction Permit. Additionally, please advise Mr. Smith at least seven (7) days in advance of starting work on this project.

Sincerely,

FOR Stennis R. Young  
Acting Superintendent

Enclosure.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in he matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal

process  
described here, initial contact should be with the Branch of  
Construction  
Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an  
interested party  
(those affected by the action) can request review and  
reconsideration from  
the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR  
Part 7).  
Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the  
interested  
party's position and by any information (wage payment data,  
project  
description, area practice material, etc.) that the requestor  
considers  
relevant to the issue.

3.) If the decision of the Administrator is not favorable, an  
interested  
party may appeal directly to the Administrative Review Board  
(formerly the  
Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION

Construction necessary to make improvement to the intersection of U.S. Highway 61 and Catherine Devereux Road, known as Federal Aid Project No. NH-0009-01(113) / 102942301, in the County of Adams, State of Mississippi.

I (We) agree to complete the entire project within the specified contract time.
