**To: ALL POTENTIAL BIDDERS**

**Date: 11/03/2010**

**RE: Call No. 03, IM-0020-02(080) / 105870301 -- Scott County**

Bidders are hereby advised that the plans and contract documents indicates that the class of lime treatment on this project is to be Class A. Should the class of lime treatment be changed from Class A, adjustments in the bid price will be made in accordance with the requirements shown in Section 307, Page 203, of the Standard Specifications.

Bidders are also advised that Notice to Bidders No. 3274 states that the Department will establish and stake all elevations of all required lifts of asphalt in the overlay sections. However, the Contractor will have to perform all traffic control necessary for the Department to stake the required grades. To allow sufficient time to perform the staking, the Contractor shall advise the Department two (2) weeks prior to beginning the overlay operation. The Contractor should include these costs in pay item 618-A, Maintenance of Traffic.

Your formal acknowledgment of receipt of this notification will be entered into our records and indicates your understanding of the class of lime treatment and required traffic control for staking on this project and that you have bid accordingly.

Please have an authorized representative of your company sign this page and return by FAX to 601-359-7732.
