

Call 10 Bridge repair on US Highway 82/45 east of Columbus, known as State Project No. MRP-1082-44(021) / 304430301 in Lowndes County.

Q1. Will MDOT replace the yellow paint on the traffic rail and the white edge stripe on top of the bridge in the effected span? If it is considered subsidiary to the other items can a plan note be added stating so?

A1. Yes. MDOT will replace the traffic stripe.

Q2. Who is responsible for removing the piles of dirt at each end of the bridge that currently appear to be intended as a bridge closure barrier?

A2. Bidders are advised that there are small piles of dirt located near each end of the bridge on the project. These piles of dirt shall be removed and replaced with 24 feet of Type III Barricades with Class "B" lights at each end of the bridge. The cost for this work shall be included with the price bid for Maintenance of Traffic. A fax letter will be sent out as well to potential bidders to advise of this.
