

**Call 06 Bridge Repair on I-20 Westbound over KCS Railroad in the City of Brandon,
known as State Project No. MRP-5020-61(102) / 304478302 in Rankin County.**

Q1. Plan Sheet DCS-2 shows two (2) message boards and Plan Sheet TC-3 shows one (1). There is no pay item for these, how will they be paid?

A1. An Addendum to the project will be done at a later date adding a pay item for Changeable Message Boards.

Q2. The permanent striping quantities are for one (1) mile, but the project is not nearly that long. Where will the striping be placed?

A2. Striping quantities are estimated and rounded to the nearest whole number.

Q3. Where can I find specifications or details in reference to: Line number: 0110 Item No. 619-J2002 Impact Attenuator, 60 MPH, Replacement Package.

A3. Impact attenuators must be listed on the Department's "Approved Sources of Materials". Replacement packages will be in accordance to the specific type used. See also the 2004 Mississippi Standard Specifications for Road and Bridge Construction Section 619.02.9 for further information.
