

Call 07 Traffic Signal Installation on US 49 at Erlich Road, known as Federal Aid Project No. STP-0008-03(053) / 106426301 in Rankin County.

- Q1. In the Call #7 Proposal there is a pay item for removing existing traffic signal equipment. Upon a jobsite visit there is no traffic signal equipment. Will this pay item be deleted?
- A1. A temporary signal is anticipated to be installed by the County before this project has its permanent signal in place and removal will utilize the pay item. However, should the County not have their temporary signal in place; the pay item will not be used on the project.
