

Call 04 Site Improvements at Lyman Site - Utility Mainline Installation, known as State Project No. LWO-6032-24(006) / 502517301 in Harrison County.

- Q1. 1. Will the 825 Crushed Limestone base needed for the lift station site be paid under the lump sum bid item for the lift station or the cubic yard bid item for 825 crushed stone? 2. Will the new manhole outside of the lift station site receive 100% solid epoxy coating?
- A1. 1. Cost for Crushed Limestone Size No. 610 or 825A as referenced in specification 907-260.02.13 used for the lift station shall be absorbed in the Lump Sum bid item for the Lift Station. 2. Yes
- Q2. Will there not be any post mounted construction signs?
- A2. Yes, see the addendum for this project.
- Q3. We purchased the Plans, Specifications, and Proposal forms but were wondering if electronic specifications were available to us?
- A3. Yes, go to the following website and click on the March 26, 2013 letting link:
<http://sp.mdot.ms.gov/Contract%20Administration/BidSystems/Pages/letting%20calendar.aspx>
- Q4. Will the fittings need to be domestic for this project?
- A4. Yes
