RE: Call No. 01, NH-0055-02(214) / 103063301 – Madison County

Bidders are advised that the pay item number and description for Line No. 1650, 682-C016, Structure Mounted Branch Circuit, AWG 2, 3 Conductor, in the bid items is in error. The correct conductor size should have been AWG #10.

Bidders are instructed to prepare their unit bid price for Line No. 1650 based on AWG #10 conductors instead of AWG #2 conductors.

DO NOT CHANGE THE PROPOSAL PAY ITEM NUMBER OR DESCRIPTION. Total bid for Line No. 1650, 682-C016, Structure Mounted Branch Circuit, AWG 2, 3 Conductor, must be based on a unit bid price for conductor size AWG #10 and extended using the description for conductor size AWG #2, as shown in the original bid items.

A Class IV Supplemental agreement will be completed at a later date to correct the pay item discrepancy. Your formal acknowledgment of receipt of this notification will be entered into our records and indicates your understanding of the correct conductor size for Line No. 1650 and that you have bid accordingly.
