

Call 09 Mill & Overlay approximately 6 miles of SR 178 from Lee County Line to SR 363, known as State Project No. MP-1178-29(005) / 304798301 in Itawamaba County.

Q1. On page 6 of the plans, there is a note that states that 3,611 tons of 9.5mm, MT Hot Mix Asphalt will be used for failed areas; however, the quantity sheet only shows 400 Square Yards of Asphalt Removal. Is this quantity supposed to be used for leveling instead?

A1. The note on page 6 of the plans is incorrect and is corrected as follows: “The quantity includes 998 Tons for driveway aprons and crossovers and 3,611 Tons for Preleveling and failed areas.”
