**RE: Call No. 4, HSIP-0014-03(063) / 106223301 – George County**

Bidders are advised that language on Special Provision 907-630-5, Changeable Message Signs, on page 20 was inadvertently included in the project where it references that "The changeable message sign(s) will become the property of the State after the Engineer determines that there is no further need for the sign(s) on the project." This is in error; the changeable message signs will become the property of the Contractor at the conclusion of the project. A Class IV Supplemental Agreement will be written at a later date to correct this.

Your formal acknowledgment of receipt of this notification will be entered into our records and indicates your understanding of the changes referenced above.

Please have an authorized representative of your company sign this page and return by FAX to 601-359-7732.
