

Call 05 Mill and Overlay approximately 6 miles of US 98 from the Greene County Line to SR 63, known as Federal Aid Project No. NH-0014-03(067) / 106753301 in George County.

Q1. 1. Will this project be considered a Category B overlay for the new ride specs? 2. How far up the HWY 63 ramps will the paving for this project go?

A1. 1. Yes 2. The ramps are not to be paved.

Q2. The scope of work states that the blending of the shoulder material shall be performed by scarifying, tilling or other acceptable method. Is the intent to mix the new shoulder material into the existing material on the shoulder to create a mixed material? Or is it the intent to create a bond between the existing shoulder and new shoulder material to prevent it from laminating on top of the existing shoulder?

A2. The intent is to mix existing with the new.

Q3. Will the HWY 63 ramps be overlaid with HT 9.5-mm or ST 9.5-mm?

A3. See QandA #1.
