

Call 09 Replacing 8 Bridges on SR 328 from SR 7 to SR 315, known as Federal Aid Project No. BR-0845-00(006) / 103326301 in Lafayette County.

Q1. The 24" Pipe Piles Details drawing calls for the pipe piles to conform to ASTM A242 Grade 2. Is this supposed to be ASTM A252 Grade 2?

A1. See Notice to Bidders 4909 in the addendum for this project.

Q2. In the plans page A12 of 23, General notes it states steel pipe piles to conform to ASTM A242 Grade 2....is this correct or can A252 Grade 3 be used in its place?

A2. See QandA #1.
