

Call 17 Mill & Overlay approximately 12 miles of SR 6 from SR 76 to just West of US 45, known as State Project Nos. MP-1006-00(069) / 305105301 & 302 in Pontotoc & Lee Counties.

Q1. Can the Vehicle Loop Assemblies be done during the day?

A1. No

Q2. All of my questions are on pay item 635-a001 (13,050)' vehicle loop assemblies: **1.**What amount of work at curb side will be required to install these loops? **2.**What will happen if existing conduit "from water table (gutter pan of curb and gutter) to junction box" does not exist?, or does not meet MDOT standards? **3.** Do you expect this pay item to cover needed adjustments? **4.** Will Vehicle loop assemblies be required to be "installed" in binder course? Or will they be allowed in final course of asphalt?

Answer Revision

A2. 1. All work to tie in to the ~~Control~~ **Pull box** should be included in the vehicle loop assembly pay item. **2.** It will be absorbed work if required. **3.** Yes **4.** Vehicle loop assemblies shall be installed in the surface course.
