known as Federal Aid Project No. BR-0472-00(015) / 102367302 in Newton County.**

Q1. Concerning the required shoring as noted on sheet number 8002. From preliminary discussions with our engineering firm, it appears that a shoring system, that will support the required loads, will be costly to construct therefore, jeopardizing the project budget range. Can MDOT provide the shoring concept estimated for this project?

A1. MDOT cannot provide the shoring concept; however, the proposed budget range has been revised to \$250,000 - \$500,000.
