

Call 07 Bridge Replacement on I-20 EB at Bridge No. 31.5 Over Railroad West of Norrell Road, known as Federal Aid Project No. BR-0020-01(192) / 105022301 in Hinds County.

Q1. **1.** Is there a site to see the plans on the bridge to be removed, the foot notes on sheet 9 of the plans is showing the new bridge? **2.** Will the structural steel girders be painted or are they weathered steel?

Revised A1. **1.** The footnote is incorrect, as-built drawings can be found at the following website: <https://file-exchange.mdot.state.ms.us/dl/?f=34931e828330e3b3219e5b86018862879409b9de>
The Correct note is as follows: Bridge No. 31.5 @ Sta. 976+62.35, 10 @50'-9" Steel Spans
2. Weathered steel

Q2. What material will be used for a tack coat of the OGFC 9.5mm?

A2. Bituminous Tack Coat will be used, reference pay item no. 907-402-B001.

Q3. Will warm mix asphalt be acceptable as an alternate?

A3. Yes
