

Call 13 Bridge Replacement on SR 198 over Rocky Creek, known as State Project No. EXB-0028-00(006) / 102488302 in George County.

Q1. The bid item sheets list 60' Type II+2 beams, but the plans show 80' Type III beams. Will this be addressed?

A1. See the upcoming addendum to the project.

Q2. The quantities for piling appear that 16" piles were used for all interior bents but the plans show 16" piles for only bents 3 and 4. Would you please clarify?

A2. See the upcoming addendum to the project.

Q3. Is an Engineer's field office really required on this small of a project?

A3. Yes

Q4. In the Conditions For Combination Bid in Section 905, several locations state that the Combination Bid Proposal has to be signed. There is no place to sign.

A4. Bidders are to disregard any reference to signing the last page of the Combination Bid section of Section 905. The paragraph at the top of Page 2 of Section 905 states that by signing this page the Bidders acknowledges "that all certifications, disclosures and affidavits incorporated herein are deemed to be duly executed in the aggregate, fully enforceable and binding upon delivery of the bid proposal". This includes any submittal for combination bidding.

Q5. EBS file still shows 60' Type I+2 concrete beams on the bid items.

A5. See Addendum #2.
