Q2. On page 2 of NTB 6246 Scope of Work the last paragraph refers to a NTB entitled "Special Sign Requirement" for the waterway. I cannot find this NTB in the proposal.

A2. Waterways at both sites are subject to active boat traffic. As a result, signs will be placed 500 ft. upstream and downstream, at both sites (4 Signs). The signs shall be 48" X 48" and shall say "ROAD WORK 500 FT". This will be paid for under the Additional construction Signs pay item.
