

**Call 08 Ultra-Thin Overlay approximately 34 miles on SR 17 & SR 430, known as State Project No. MP-2000-08(080) / 305893302 in Carroll County.**

Q1. What are the max weight limits that will be allowed for hauling on these two roads for the performance of this project?

A1. There are no posted weight bridges on this route. The maximum legal load can be found on the Go MDOT website.
