

Call 07 Bridge Deck Repair on I-20 over Valley Street, known as Federal Aid Project No. BR-0020-01(235) / 106991302 in Hinds County.

Q1. Will MDOT allow a complete closure of Raymond Rd. below I-20? If so, what would the allowable lane closure hours be?

A1. A complete closure would be allowed for the same time frame as the interstate closure. However, if the Contractor chooses to do this, all the proper signage including, but not limited to, signs and barricades shall be installed. All costs for this detour shall be included in other items bid. Also, a detour plan shall be submitted for approval prior to closing the road.
