

**Call 05 Bridge Joint Repair on I-20, I-59, and Ramp to I-20W, known as Federal Aid Project No. BR-0059-03(096) / 107401301 in Lauderdale County.**

Q1. Can the as-built plans for the three bridges on this project be provided?

A1. As-built plans can be downloaded at the following link:

<https://file-exchange.mdot.state.ms.us/dl/?f=4c1087f54c9845e9043ff12bf6a77c29ddc865db>

Q2. The Scope of Work (NTB 189, Page 2) mentions deck repairs at End Bent No. 6 of Bridge 147.8, and the details in the Proposal (NTB 189, Page 23) only appear to account for about 11 square yards of deck removal & deck repair. Could some more information be provided on the size and location(s) of the 70 square yards of "Removal of Bridge Deck" in Pay Item Code 202-B026?

A2. See upcoming addendum.
