

Call 02 Overlay on US 98 from Forrest County Line to 1 Mile East of SR 29, known as Federal Aid Project No. NH-0014-03(073) / 107652301 in Perry County.

Q1. It appears in NTB #1056, Item (K), that the intersection is getting a new cabinet assembly. Is there an intersection layout, phasing chart or loop detector chart available?

A1. See upcoming addendum.

Q2. 1.) Will any work be required inside the railroad right-of-way at HWY 29? 2.) What are the limits of milling on HWY 98 and HWY 29 at the intersection?

A2. 1.) No. 2.) The approximate milling limits from the intersection of US 98 and SR 29 are as follows: 1,180' east, 1,040' west, 240' north, and 22' south.
