

Call 10 Mill and Overlay approximately 10 miles of SR 388 from US 45A to Cliftonville, known as Federal Aid Project No. STP-0658-00(010) / 107625301 in Noxubee County.

Q1. There seems to be no availability of Type 1 or Type 3 crushed concrete. Is there any other materials that could be used in lieu of those two types?

A1. No, the specified material will be required. The Department will accept material crushed to meet the specifications.
