

Call 13 Overlay approximately 10 miles of US 49 E from Leflore County Line to SR 32 W, known as State Project No. MP-2049-68(004) / 306648301 in Tallahatchie County.

Q1. Looking at the description and the pay items set up to repair the failed areas, we noticed that there is not a pay item for Removal of Asphalt. If part or all of the failed area does not have concrete under it and is just asphalt, will the Contractor still get paid Removal of Concrete Overlaid with Asphalt (item 202-B062) for the entire square yardage of the failed area or will it fall under another pay item?

A1. See addendum.
