

Call 05 Bridge Preservation on US Highway 45 and SR 348, Bridge Nos. 232.1A, 232.1B, 233.9A, 233.9B, & 20.6, known as Federal Aid Project No. STP-9999-01(259) / 107911303 in Lee County.

Q1. Can MDOT provide as-builts for the bridges?

A1. As-built plans can be downloaded at the following link:

<https://file-exchange.mdot.state.ms.us/dl/?f=094bc782a5bc7169742d34ac2573748cd51c061a>

Q2. Under the scope of work for Cap Cleaning on Sheet 61 of the proposal it states "The surface of all caps shall be cleaned..." however the pay item for Cap Cleaning only contains 2 EA per location, for a total of 10. No work is taking place on any of the caps except the abutments, can MDOT confirm that only the abutments are to be cleaned?

A2. Yes, only the abutments will be cleaned.
