- Q1. NTB 1434 states that "BMP's shown at sensitive areas on the Erosion Control Sheets in the Plans shall be shown on the Contractors Erosion Control Plan and shall be used in the field as indicated on the original plans sheets." **1.)** The "sensitive areas" are not specifically indicated on the plan sheets. Please define these areas. **2.)** Can the contractor submit additional measures in these areas in the initial erosion control plan submittal if the Contractor does not feel that the measures shown are adequate?
- A1. **1.)** Sensitive areas are shown on the ECP sheets and consist of areas such as wetlands, etc. **2.)** The Contractor must install the BMPs as per the plans for these areas and follow the guidance of NTB 1434.
