

**Call 09 Mill & Overlay approximately 5 miles of SR 13 from I-20 to Morris Tullos Road, known as Federal Aid Project No. STP-0037-04(065) / 107962301000 in Scott County.**

Q1. Will MDOT consider increasing the number of days traffic is allowed to run on the fined milled surface due to the congestion that will be created by the milling and paving operations because of the length of the project?

A1. See addendum. Also, any reference to the five (5) day limit for traffic on a milled surface is to be disregarded.
