

Call 03 Scrub Seal & Thin Lift on US 98 from Walthall CL East to JCT SR 35S, known as Federal Aid Project No. NH-0014-02(077) / 107618301 in Marion County.

- Q1. 907-414.03.1 Preparation for Scrub Seal states that all existing thermoplastic striping is to be removed. There is no pay item for removal and the quantities for temporary striping do not appear to be enough to temporary stripe after the removal. How will the removal and temporary stripe be paid?
- A1. Removal of existing stripe is considered an absorbed item in pay item 907-414-A001, Scrub Seal. Temporary stripe will be applied to the completed scrub seal surface and the UTAP surface.
