

Call 01 Placing Temporary Traffic Crossover on US 49 4.8 miles South of SR 16, known as Federal Aid Project No. ER-0008-04(069) / 108454301 in Yazoo County.

Q1. Note #9 in scope of work states that median barriers will be returned to contractor at a predetermined location. Who will be responsible for the unloading of barriers at the predetermined location?

A1. MDOT will arrange for the delivery and unloading of the temporary median barriers.

Q2. Will J-hook precast median barrier be allowed?

A2. Yes.

Q3. In addition to the signs listed in NTB 2372, will MDOT also take possession of the post-mounted Lane Closures which will be required Northbound and Southbound, including the Arrow Boards?

A3. MDOT will keep all signs and posts. Barricades and message boards will be returned.

Q4. Will glare paddles be required on median barriers?

A4. No.
