

Call 03 Bridge Preservation on I-20 over KCS RR, (Bridge Nos. 56.8A & 56.8B), known as Federal Aid Project No. NHPP-0020-01(251) / 108284301 in Rankin County.

- Q1. Notice to Bidders No. 2718 only allows an 11-hour lane closure on I-20. We anticipate this will not be enough time to perform the Pressure Relief Joint on a lane. Can a larger amount of time be allowed for this work? Also, since this is a 16" deep removal next to live traffic, shouldn't temporary concrete barriers be required?
- A1. The work can be accomplished within the lane closure restrictions as provided by the Contract. There are no lane closure restrictions for weekends. Barriers will not be required for this work.
