

**Call 10 Thin Lift Overlay, Widen & Level approximately 5 miles of SR 29 from SR 42 to the Jones County Line, known as Federal Aid Project No. STP-0224-00(050) / 108235301 in Perry County.**

Q1. Will all of the driveway pads be paved 10' back from the edge of mainline pavement, or will the pavement match the existing aprons on the driveways?

A1. All driveway aprons will be paved 10' in width regardless of the existing apron size.
