

Call 14 Mill & Overlay approximately 4 miles on SR 198 from west of Lumberton Rd. to US 98, known as State Project No. SP-8627-00(001) / 108886301 in Marion County.

- Q1. Pay Item No. 907-636-C007, Electric Cable, Aerial Supported, IMSA 20-1, AWG 14, 5 Conductor shows an estimated quantity of 800 LF. I do not see a pay item for underground in conduit for the same electric cable, and it appears that there will be quite a bit needed. Will all of the IMSA 20-1, AWG 14, 5 Conductor cable be covered under this one pay item?
- A1. Yes, all IMSA 20-1, AWG 14, 5 Conductor cable (aerially supported and underground in conduit) will be paid for using Pay Item No. 907-636-C007.
- Q2. 1.) Are manhole and water valve cover adjustments an absorbed item? 2.) Will MDOT entertain changing the leveling pay item to UHMA? 3.) What is the anticipated number of driveway pads to be milled? 4.) Will the driveways in the curb & gutter section be overlaid? 5.) What is the length of time that traffic will be allowed to drive on the milled surface? 6.) Are there any lane closure restrictions? 7.) Will the guardrail pads be paved to the front face of the guardrail, or the entire pad?
- A2. 1.) Yes. 2.) No. 3.) Approximately 30 driveways. 4.) No. 5.) See Notice to Bidders No. 447. 6.) No. 7.) Guardrail pads will be paved to the face of the guardrail.
