

SECTION 905 -- PROPOSAL (CONTINUED)

I (We) hereby certify by digital signature and electronic submission via Bid Express of the Section 905 proposal below, that all certifications, disclosures and affidavits incorporated herein are deemed to be duly executed in the aggregate, fully enforceable and binding upon delivery of the bid proposal. I (We) further acknowledge that this certification shall not extend to the bid bond or alternate security which must be separately executed for the benefit of the Commission. This signature does not cure deficiencies in any required certifications, disclosures and/or affidavits. I (We) also acknowledge the right of the Commission to require full and final execution on any certification, disclosure or affidavit contained in the proposal at the Commission's election upon award. Failure to so execute at the Commission's request within the time allowed in the Standard Specifications for execution of all contract documents will result in forfeiture of the bid bond or alternate security.

Bidder acknowledges receipt of and has added to and made a part of the proposal and contract documents the following addendum (addenda):

MISSISSIPPI DEPARTMENT OF TRANSPORTATION

SECTION 904 - NOTICE TO BIDDERS NO. 3708

CODE: (SP)

DATE: 10/20/2021

SUBJECT: Fabrication Schedule

PROJECT: ER-0110-01(032) / 108764301 – Harrison County

Bidders are hereby advised that on projects with structural steel girders, disc bearings, steel finger joints, overhead sign trusses and modular joints, fabricators shall provide in writing a fabrication schedule no later than the preconstruction meeting.

The schedule should include but is not limited to the following:

- Location where material will be fabricated (including coating locations)
- Project fabrication duration (including coatings)
- Project shipping durations
- Any projected breaks in the fabrication schedule
- Projected work schedule (days per week, hours per shift, shifts per day)
- The name and address of subcontractors involved in the fabrication
- The number of fabricated items

Steel fabrication shall not commence until MDOT has contracted with a steel fabrication inspection firm, all submittals are reviewed and stamped, a prefabrication meeting is held, and MDOT's fabrication inspection firm is on site.

MISSISSIPPI DEPARTMENT OF TRANSPORTATION

SECTION 904 - NOTICE TO BIDDERS NO. 3709

CODE: (SP)

DATE: 10/20/2021

SUBJECT: Sign Truss Clarification and Additional Construction Requirements

PROJECT: ER-0110-01(032) / 108764301 – Harrison County

Bidders are hereby advised that the fabrication of a new sign truss will be required on this project. The sign truss shall be fabricated in accordance with the Contract Plans including sheets that include the phrase “FOR INFORMATION ONLY”. Aspects of sheets designated “FOR INFORMATION ONLY” that do not directly pertain to the sign truss shall be disregarded. The Contractor is not responsible for design of the new sign truss.

Bidders are further advised that on plan sheets noted “FOR INFORMATION ONLY” showing the existing cap reinforcing, there is longitudinal steel that will be protruding out when the 9’-6” section gets removed from the end. That steel can remain as long as it is not damaged. Any steel that is solely in the removal area will need to be replaced.
