

SECTION 905 -- PROPOSAL (CONTINUED)

I (We) hereby certify by digital signature and electronic submission via Bid Express of the Section 905 proposal below, that all certifications, disclosures and affidavits incorporated herein are deemed to be duly executed in the aggregate, fully enforceable and binding upon delivery of the bid proposal. I (We) further acknowledge that this certification shall not extend to the bid bond or alternate security which must be separately executed for the benefit of the Commission. This signature does not cure deficiencies in any required certifications, disclosures and/or affidavits. I (We) also acknowledge the right of the Commission to require full and final execution on any certification, disclosure or affidavit contained in the proposal at the Commission's election upon award. Failure to so execute at the Commission's request within the time allowed in the Standard Specifications for execution of all contract documents will result in forfeiture of the bid bond or alternate security.

Bidder acknowledges receipt of and has added to and made a part of the proposal and contract documents the following addendum (addenda):

MISSISSIPPI DEPARTMENT OF TRANSPORTATION

SECTION 904 - NOTICE TO BIDDERS NO. 3694

CODE: (SP)

DATE: 11/10/2021

SUBJECT: Lane Closure Restrictions and Additional Work Requirements

PROJECT: NH-0007-01(094) / 108204301 -- Alcorn
NH-9039-00(001) / 108204302 -- Alcorn

Bidders are hereby advised of the following lane closure restrictions and additional work requirements:

Unless otherwise noted herein or specific written permission is allowed by the Engineer, the following conditions apply for work from Sta. 199+33 (Bridge End West of Cass Street) to Sta. 258+77 (just East of Harper Road) along with all the intersections within these limits. These conditions will be in effect throughout the life of the project.

No Lane Closures allowed for any reason:

- Daily from 7:00 AM to 7:00 PM Monday through Saturday
- Sundays from 7:00 AM to 5:00 PM

Lane Closures and Night Work allowed:

- 7:00 PM to 7:00 AM the following day, Monday through Saturday
- 5:00 PM Sunday to 7:00 AM Monday

With the exception of the requirements listed below regarding Working Sheet TS-7, bidders are hereby advised that when the main lanes of a roadway are fine milled, traffic will be allowed to run on a milled surfaces for up to five (5) calendar days. The Contractor will be assessed a penalty of \$5,000 per calendar day afterwards until the milled surfaces are covered with the next lift of asphalt. It shall be the Contractor's responsibility to ensure that the milling operations do not commence until such time as forecasted weather conditions are suitable enough to allow the placement of the asphalt pavement after the milling operations.

Unless otherwise noted herein or specific written permission is allowed by the Engineer, Bidders are advised of the following exceptions to the above listed times. These conditions apply for work in the westbound lanes from Sta. 199+33 to Sta. 258+77 throughout the life of the project:

- Once a lane is closed to perform the removal of white-topping shown on Working Sheet TS-7, work will be allowed 24 hours per day and 7 days per week until the 12.5mm lift of SMA is placed in that lane.
- While the lane closure is in place for the work shown on Working Sheet TS-7, Mill and overlay work from Sta. 199+33 (Bridge End West of Cass Street) to Sta. 241+44 near South Parkway and from Sta. 246+10 to Sta. 258+77 (just East of Harper Road)

SHALL be performed in that lane. Work will be allowed 24 hours per day and 7 days per week during this operation.

Prior to paving, milled areas shall be thoroughly swept to ensure fines and other debris have been removed from the milled surface.

All night work shall be in accordance with Section 680 – Portable Construction Lighting.

Lane closures using Precast Concrete Median Barriers shall not begin until the Contractor is ready to begin removal work. Removal work shall commence immediately (not to exceed 8 hours) after installation of the Precast Concrete Median Barriers. Simultaneous work in other locations will be allowed, but work in this area must continue until this site has been reopened to traffic. Once work in this area has begun, the Contractor shall continue without interruption until the site has been reopened. If for any reason, the Contractor discontinues work, all other work on the project shall cease until work resumes in this area.

If the lane closure restrictions listed above are violated, the Contractor will be charged a fee of **\$500.00** for each full or partial five minute period until the roadway is back in compliance with the lane closure restriction requirement.

For the purposes of this contract, official time shall be the announced time available at the Jackson area telephone number (662) 842-8422.
