

Call 08 Mill & Overlay approximately 12.5 miles on SR 25 from the Monroe County Line to the beginning of the 4-Lane section south of Fulton and Scrub Seal & Overlay approximately 9.5 miles on SR 25 from SR 6 to the Itawamba County Line, known as Federal Aid Project No. NH-0040-02(037) / 107781301 and State Project No. SP-0803-00(005) / 108889301 in Itawamba & Monroe Counties.

Q1. Is the tack coat quantity correct?

A1. See Addendum.

Q2. Per the digout schedule on plan sheet #3, these digouts calculate to appx 230 sy of asphalt removal, but on the bid quantity sheet there are 1800 sy of asphalt removal set up for the project. Please clarify where the additional quantity will be utilized on the project.

A2. The quantity for Removal of Asphalt has been revised by Addendum. The bid sheets show the quantities for both NH-0040-02(037) / 107781301 and SP-0803-00(005) / 108889301.

Q3. On plan sheet #5, note 1, 80 tons of 9.5 asphalt is set up for the digouts. Per the digout schedule on plan sheet #3, the 9.5 asphalt material calculates to approximately 150 tons using 1' of asphalt fill. Is it anticipated that only 80 tons of the asphalt will be utilized for the digouts in the schedule on plan sheet #3?

A3. See Addendum.

Q4. Will this project be split into both Category B and Category C?

A4. Yes. Portions of the project that are Mill and One (1) lift of asphalt will be Category B. Portions of the project that are Scrub Seal and Overlay will be Category C.
