

**Call 03 Mill & Overlay approximately 10 miles of SR 16 from East of Philadelphia to the Kemper County Line, known as Federal Aid Project No. STBG-0024-04(027) / 108678301 in Neshoba County.**

Q1. The proposal doesn't have the table with the list of permanent signs. Could you please provide that table?

A1. See addendum.

Q2. With the amount of Total tonnage with slow work (Local Roads & Driveways) and the 5-day restriction on the milling, 76 working days isn't enough to complete the project. Would the State consider reevaluating the number of working days on this contract?

A2. See addendum.
