

Call 11 Mill & Overlay approximately 7 miles of US 98 from the Bogue Chitto River to Industrial Park Road, known as State Project Nos. SP-0014-01(079) / 109273301 & SP-0014-02(094) / 109273302 in Pike & Walthall Counties.

Q1. Will MDOT consider extending the number of working days on the project? Given the entire roadway is to be milled, there is over 8,000 cy of shoulder gravel, and more than 4,000 tons of "slow" asphalt work on the pads, crossovers, and side roads the project does not appear to have enough working days.

A1. See addendum.
