

RIGHT OF WAY CERTIFICATION REPORT

Name of LPA: _____
Project Termini: _____
FMS Project No.: _____
External Project No. _____
County: _____
Date: _____

Yes No

- (1) The LPA certifies that all project activities will take place on existing ROW and no additional ROW is required.
- (2) The LPA certifies that based on a site inspection of the right of way for the project the right of way is clear of encroachments.
- (3) The LPA certifies that a physical inspection of the right of way for the project reveals that there are no sites suspected of having any hazardous waste or underground storage tanks.
- (4) The LPA certifies that the project right of way does not contain structures that required asbestos abatement.
- (5) The LPA certifies that there are no utilities in conflict with the project.
- (6) The LPA certifies that there are no railroads facilities affected by the above referenced project.

If the project requires any additional ROW, or the LPA cannot certify yes to any of the six certifications listed above, then the LPA must complete the appropriate status report found in the MDOT-LPA Project Development Manual's (PDM) Chapter 5, section 11 and include with this Report. Any errors to this certification will be the responsibility of the certifying LPA.

The LPA certifies that the LPA will accept full financial responsibility for any damage caused, or delay claims that arise, in whole or in part, due to the failure of the LPA to remove, relocate or adjust any encroachment or utility. Any additional construction costs incurred as a result of working around any encroachment or utility will be paid by the LPA as a non-reimbursable expense.
