

SECTION 905 -- PROPOSAL (CONTINUED)

I (We) hereby certify by digital signature and electronic submission via Bid Express of the Section 905 proposal below, that all certifications, disclosures and affidavits incorporated herein are deemed to be duly executed in the aggregate, fully enforceable and binding upon delivery of the bid proposal. I (We) further acknowledge that this certification shall not extend to the bid bond or alternate security which must be separately executed for the benefit of the Commission. This signature does not cure deficiencies in any required certifications, disclosures and/or affidavits. I (We) also acknowledge the right of the Commission to require full and final execution on any certification, disclosure or affidavit contained in the proposal at the Commission's election upon award. Failure to so execute at the Commission's request within the time allowed in the Standard Specifications for execution of all contract documents will result in forfeiture of the bid bond or alternate security.

Bidder acknowledges receipt of and has added to and made a part of the proposal and contract documents the following addendum (addenda):

MISSISSIPPI DEPARTMENT OF TRANSPORTATION

SECTION 904 - NOTICE TO BIDDERS NO. 1775

CODE: (SP)

DATE: 07/31/2019

SUBJECT: Contract Time

PROJECT: BR-0020-01(249) / 107884301 -- Hinds County

The calendar date for completion of work to be performed by the Contractor for this project shall be **March 13, 2020** which date or extended date as provided in Subsection 108.06 shall be the end of contract time. It is anticipated that the Notice of Award will be issued no later than **August 13, 2019** and the effective date of the Notice to Proceed / Beginning of Contract Time will be simultaneous with the execution of the contract.

MISSISSIPPI DEPARTMENT OF TRANSPORTATION

SECTION 904 - NOTICE TO BIDDERS NO. 1808

CODE: (SP)

DATE: 7/31/2019

SUBJECT: Queue Operations

PROJECT: BR-0020-01(249) / 107884301 -- Hinds County

Bidders are hereby advised that Special Provision No.907-618-7 requires the Contractor to provide two (2) queue protection trucks; one primary queue protection truck and one additional standby queue protection truck. Because of the concern of traffic queues in more than one location, the Contractor will be required to provide queue trucks at two locations per traffic closure resulting in a total of four (4) queue trucks; two (2) primary and two (2) standby. The two locations per closure are as follows.

Eastbound Closure

- I-20 Eastbound approaching I-220 and back to the west as the queue builds
- I-220 Northbound approaching I-55 and back to the south as far as the queue builds

Westbound Closure

- I-20 Westbound approaching US 49 and back to the east as the queue builds
- I-55 Northbound from Byram approaching I-20 and back to the south as far as the queue builds

Bidders are advised to consider the above requirements when preparing their bid.

MISSISSIPPI DEPARTMENT OF TRANSPORTATION

SPECIAL PROVISION NO. 907-618-8

CODE: (SP)

DATE: 07/31/2019

SUBJECT: Work Zone Law Enforcement

PROJECT: BR-0020-01(249) / 107884301 -- Hinds County

Pursuant to House Bill No. 580, Section 618, Maintenance of Traffic and Traffic Control Plan, of the 2017 Edition of the Mississippi Standard Specifications for Road and Bridge Construction is hereby amended as follows.

907-618.01--Description. After Subsection 618.01.4 on page 443, add the following.

907-618.01.6--Work Zone Law Enforcement. On projects that the Commission determines are on high-volume roadways or are otherwise high risk projects, the Commission may include a pay item to provide for reimbursement to the Contractor for enhanced law enforcement safety operations in the work zone.

When the Work Zone Law Enforcement pay item is included, the Contractor may enter into an agreement with a law enforcement agency having jurisdiction in the work zone, to provide work zone safety operations. If the Contractor is unable to reach a mutually acceptable agreement with a local law enforcement agency after good faith negotiations, then officers from the Mississippi Department of Transportation Office of Law Enforcement (MDOT Law Enforcement) may be utilized.

According to House Bill No. 580, the work zone safety operations, when required by the Commission, shall consist of utilizing a uniformed law enforcement officer equipped with a patrol vehicle with blue flashing lights to enforce traffic laws and provide for an enhanced law enforcement presence in order to facilitate the safe movement of traffic through the work zone and to protect workers within the work zone.

907-618.03--Construction Requirements. After Subsection 618.03.5 on page 447, add the following.

907-618.03.7--Work Zone Law Enforcement. When the Work Zone Law Enforcement pay item is included, the utilization of work zone law enforcement shall be done at such locations and time periods deemed necessary and appropriate by the Engineer, after discussion with the Contractor. The work zone law enforcement will be required until the given/selected phase of work is completed, whether it is before or after the expiration of contract time. After the expiration of contract time, all costs for work zone law enforcement shall be the responsibility of the Contractor.

The Contractor shall be responsible for any and all coordination with the law enforcement agency.

The Department will not be a party to any agreement between the Contractor and any local law enforcement agency.

At the end of each estimate pay period, the Contractor shall provide a daily work record of the actual hours of work performed by the law enforcement agency and shall be accompanied by signed invoices from the law enforcement agency, which must be verified by the Engineer. If MDOT Law Enforcement is used, no records will be required by the Contractor.

907-618.04--Method of Measurement. After the last paragraph of Subsection 618.04 on page 449, add the following.

Work zone law enforcement, other than MDOT Law Enforcement, will be measured per hour for every hour verified by the Engineer **using an invoice or other acceptable record**. Measurement for payment **will not** be made for work zone law enforcement after expiration of contract time.

Payment for MDOT Law Enforcement will be made under pay item 907-618-M2. **MDOT Law Enforcement will send an invoice or other acceptable record to the Project Engineer who will verify the hours for payment. Payment will be made to the Contractor under pay item 907-618-M2 and then deducted from the Contractor's monthly estimate as a line item deduction. After the completion of contract time, no payment will be made under pay item 907-618-M2 but deductions from the monthly estimate will continue until law enforcement is no longer needed.**

907-618.05--Basis of Payment. After the third paragraph of Subsection 618.05 on page 449, add the following.

Work zone law enforcement, measured as prescribed above, will be paid for at the fixed contract unit price per hour, which price shall be full compensation for furnishing and reimbursing work zone law enforcement.

Regardless of the terms of any agreement reached between the Contractor and the law enforcement agency, the Commission will not reimburse the Contractor for any amount over the fixed contract price shown in the pay item for work zone law enforcement.

If MDOT Law Enforcement is used, the hours charged by MDOT Law Enforcement will be verified by the Contractor and deducted from the Contractor's estimate.

After the last pay item listed on page 450, add the following.

907-618-M2: Work Zone Law Enforcement - per hour
