

SECTION 905 -- PROPOSAL (CONTINUED)

I (We) hereby certify by digital signature and electronic submission via Bid Express of the Section 905 proposal below, that all certifications, disclosures and affidavits incorporated herein are deemed to be duly executed in the aggregate, fully enforceable and binding upon delivery of the bid proposal. I (We) further acknowledge that this certification shall not extend to the bid bond or alternate security which must be separately executed for the benefit of the Commission. This signature does not cure deficiencies in any required certifications, disclosures and/or affidavits. I (We) also acknowledge the right of the Commission to require full and final execution on any certification, disclosure or affidavit contained in the proposal at the Commission's election upon award. Failure to so execute at the Commission's request within the time allowed in the Standard Specifications for execution of all contract documents will result in forfeiture of the bid bond or alternate security.

Bidder acknowledges receipt of and has added to and made a part of the proposal and contract documents the following addendum (addenda):

SECTION 904 - NOTICE TO BIDDERS NO. 4081

CODE: (SP)

DATE: 04/21/2022

SUBJECT: Random Clearing

PROJECT: IM-0020-01(261) / 108584301 -- Warren County

Bidders are hereby advised that random clearing will be performed within the specified clearing limits, including vegetation overhanging the edge of the clearing limits. Overhanging vegetation should be trimmed to a minimum height of thirty (30) feet above the ground elevation at the edge of the clearing limits. It is the intent of this Contract for the vegetation, with the exception of any merchantable timber that the Contractor desires, to be mulched onsite and left in place. Mulched material shall be spread such that no more than four (4) inches in depth of material is placed on any location. This work shall be paid for under Random Clearing, per acre. The clearing limits are fifty (50) feet on each side of the roadway from outside edge of travel lane within the limits of the project. Burning of waste vegetation and/or debris resulting from the clearing operations will not be allowed on the Department's ROW. At no time may logging or clearing operations be conducted on any milled surface or any newly placed asphalt. Temporary lane closures will be required when clearing operations are ongoing. Shoulders shall be cleared of equipment and clearing debris within a thirty (30) foot clear zone and lane closures shall be removed when work is not ongoing.
