

Call 13 Overlay approximately 11 miles of SR 149 from Mendenhall to North of Braxton, known as State Project No. MP-7149-64(005) / 307529301 in Simpson County.

Q1. On the fuel index for July letting, the figures don't seem to be right on Gasoline and Diesel. It is showing diesel down \$1.10 and only a \$0.02 cent difference between gas. This will not only affect this month's letting but also any outstanding pay applications on the fuel index. Can you please confirm the figures? Month of July FUELS Per Gallon Per Gasoline \$3.7754 Diesel \$3.7974 Month of June FUELS Per Gallon Per Gasoline \$4.2034 Diesel \$4.8939.

A1. See revised fuel letter.

Q2. Has NTB No. 447 been inserted in this proposal by mistake? The only milling areas listed to be milled are the tie ends at the omitted sections and at both ends of the project.

A2. See addendum.

Q3. Can you check the quantity for pay item no. 626-C002 6' Thermoplastic Cont. White?

A3. See addendum.

Q4. I do not see any railroad provisions mentioned in the proposal. Will there be any paving on any of the side roads within the railroad row on this project?

A4. No.
