

Call 10 Bridge Repair on SR 403 over the Big Black River (Bridge No. 2.7), known as Federal Aid Project No. STBG-0733-00(012) / 108866301 in Webster County.

Q1. Can MDOT provide the shop drawings for the existing voided slab units to be replaced?

A1. Shop drawings can be downloaded from the following link: <https://file-exchange.mdot.state.ms.us/dl/?f=a6d45432a9556a3451fa3e3eabee1148230f7ba3>

Q2. Will MDOT allow a truck crane to be placed on top of the bridge deck to remove and replace the prestressed slabs?

A1. See addendum.
