

Call 04 Mill & Overlay approximately 10 miles of US 49 from Mount Olive to Magee, known as Federal Aid Project No. NHPP-0008-02(119) / 108381301 & 302 in Simpson & Covington Counties.

Q1. What are the Excess Excavation and Crushed stone items used for? If for base repairs, can you issue a schedule for them?

A1. Per Note 6 on Page 101 of the proposal, the excess and crushed stone items will be used for removal under the guardrail pads as detailed on GR-4-MOD on page 119 of the proposal. Guardrail locations are shown on sheets 111 and 112 of the proposal.

Q2. The proposal book and the quantities in the notice to contractors are different, which quantities are correct?

A2. See addendum.
