

**Call 02 Emergency Milling, Leveling, Overlaying & applying High Friction Surface Treatment approximately 0.4 miles on the ramp from I-59 Northbound to I-20 Eastbound, known as Federal Aid Project No. NHPP-0059-03(105) / 109702301 in Lauderdale County.**

Q1. Scope of work states that trees and debris to be cut flush with ground and mulched in place, pay item is for random clearing and grubbing. Is the intent to mulch at ground level or grub?

A1. See addendum.

Q2. Will time be stopped on the project during the curing period between asphalt surface and the high friction surface treatment application?

A2. Yes, as long as all other pay items have been completed with the exception of the Thermoplastic pay items.

Q3. Will MDOT handle any Staking/Surveying needed for the grade/slope corrections?

A3. Yes, the Project Office will take care of any surveying and staking required.
