

**Call 09 Installation of Intelligent Transportation Systems on I-59 from 1.5 miles south of I-20, I-20 from 2 miles west of I-59 to I-59, I-59/I-20 to 1.3 miles northeast of US 45, & 1 mile northeast of the Weigh Station, known as Federal Aid Project No. CRP-0059-03(102) / 108158302 in Lauderdale County.**

- Q1. Sheet Number 3064, Working Number FO-6A, shows a leased line from the Type C Cabinet at the 59/20 Off Ramp/STA 905+90 to the MS SW TMC in Jackson. Is this leased line provided by MDOT IS or is this the contractor's responsibility to obtain and turn over after the project?
- A1. MDOT IS will provide the leased line (C-Spire Circuit). The Contractor shall be responsible for installing connection from the circuit cabinet to the Type C Termination cabinet as noted on Sheet 3027.
- Q2. Plan Sheets 3014, 3017, and 3024 all show a RR that is to be crossed aerial. The special provisions only call out the Norfolk Southern (3014) and the Meridian Southern (3017) railroads. After some research, it appears the crossing on Sheet 3024 is a Meridian & Bigbee Railroad; however, there is no mention of it in the plans or specials. Does this also need to be covered as the other two railroads? Please provide the crossing number for both the Meridian Southern and the Meridian & Bigbee Railroad as neither are documented. Please provide all contact info and insurance requirements for the Meridian & Bigbee Railroad, if applicable.
- A2. See addendum.
- Q3. Is Daktronics the only approved manufacturer of the Dynamic Message Signs? All recent ITS projects had Daktronics listed as the specified manufacturer on the plans but this set of plans does not have that note.
- A3. ~~See addendum.~~ **Revised Answer:** Yes, all Dynamic Message Signs on the project shall be sole sourced from Daktronics.
- Q4. The response to the question below read "see addendum" but this was not clarified in Addendum No. 1. Can this be clarified with a response in the Q&A? Q3. Is Daktronics the only approved manufacturer of the Dynamic Message Signs? All recent ITS projects had Daktronics listed as the specified manufacturer on the plans but this set of plans does not have that note. A3. See addendum.
- A4. See Answer #4.
