Q1. Will Notice to Bidders #6195 be added to the proposal?

A1. See Addendum 1.

Q2. **1.)** Is there existing thermoplastic that needs to be removed on this project and if so, can you add a line item as it is an expensive item to be absorbed. **2.)** Is there a possibility that you can change the project to a fixed completion date, flexible start date instead of a working day contract with time starting in early April?

A2. **1.)** It is anticipated that only SR 511 contains existing thermoplastic to be removed. As per Special Provisions 907-414-2 and 907-418-3, it will be considered an absorbed item of work. **2.)** See Addendum 1.
