

Call 01 Installation of Median Cable Barrier on I-22 from Coldwater River to the Marshall County Line & on I-22 from the Desoto County Line to the Benton County Line, known as Federal Aid Project Nos. HSIP-0006-01(104) / 109062301 & HSIP-0006-01(104) / 109062302 in Desoto & Marshall Counties.

Q1. Regarding the cable barrier system, what compliance is required, NCHRP 350, MASH 2016 and what TL Level, TL-3, TL-4?

A1. MASH TL-4.

Q2. Can MDOT provide any CAD files prior to bid?

A2. The successful bidder will be provided the CADD files.

Q3. Please provide a chart for cable barrier runs.

A3. Cable barrier locations are shown in the plans.

Q4. What are the exact requirements for the cable barrier system? It is convoluted between what is required in the 2017 MDOT Spec Book and Notice to Bidders No. 2206 MASH Compliant Devices. MDOT is requiring devices to be installed on a 6:1 slope. What does the cable barrier system have to meet for 6:1 slopes? NCHRP 350, Mash 2009, Mash 2016, TL-1, TL-2, TL-3, TL-4 etc. Does the speed limit on the project effect the overall requirements of the cable barrier for MDOT? Please provide specifics on what the cable barrier system must meet.

A4. See Answer #1.
