

Call 14 Mill & Overlay approximately 3 miles of SR 178 from North Access Road to Old SR 25, known as State Project No. MP-1178-29(006) / 309570301 in Itawamba County.

Q1. 1.) Can a list be provided of the signs that are to be removed and reset? 2.) Also, the post lengths on the estimated quantity sheets show 8' per post. Are the omni sleeve and anchor sleeve included in the post length?

A1. 1.) Quantities were estimated based on signs within the project limits that were leaning. There is not a list of signs at this time. Bidders are advised to bid as per the Contract Documents. 2.) Post lengths were quantified from the ground. This does not include sleeve lengths. Omni Sleeves or any other appurtenances needed that are not listed in the quantities are to be considered absorbed in other items of work.
