- Q1. What equipment or system does Line Item 0590 907-659-B001 Traffic Management Center Modifications - Monitor System pertain? Past projects have used this line item to integrate data collection devices (radar, BDS, etc.) into the existing MDOT ATMS. No radar or BDS devices are indicated in the project. Is it intended it integrate the (2) 907-650-A004 On Street Video Equipment, PTZ Type, Signal Monitoring camera into a new or existing TMC VDMS system? Is this project required to provide a TMC VDMS system?
- A1. See Addendum 1.
